

GOODMAN NURSING & CLINICAL CONSULTANTS

We believe in service and we are here to help!

Goodman Nursing and Clinical Consultants is a boutique style consulting agency that is committed to helping healthcare facilities pass their accreditations and inspections. We consult about education and training for your staff giving them the tools, knowledge, and skill they need to succeed with patient satisfaction and quality goals.

Goodman Nursing and Clinical Consultants are experts in their clinical fields of specialty. We assist with chart audits and documentation training for adherence to current quality, state, and federal goals that will enhance the success of your organization.

Goodman Nursing and Clinical Consultants will give the Nursing staff the confidence and knowledge, and skill to succeed at being the best they can be!

OUR VISION

To enhance healthcare facilities ability to give the best and safe care for patients. To implement the experience of shared education among staff for success and being the best nursing staff they can be. Learning compassion and skill through service. Granting the feeling of success with reality of success in the healthcare business. Helping each staff member facilitate empathy and knowledge in their workplace environment through service to their patients/customers.

We offer consultations with:

- Chart Audits
- Accreditation and Inspection
- Performance Improvement Plan Development
- Performance and Educational Development
